RE: Stipulated Penalty Notification for Failure to Comply with the Schedule at the
Solutia – J.F. Queeny Site, St. Louis, Missouri
EPA ID # MOD004954111

Dear Mr. Rosen:

With this letter and in accordance with Paragraph 62 of the Administrative Order on Consent Docket No. RCRA-07-2009-0015, the U.S. Environmental Protection Agency Region 7 is providing SWH Investments, Inc. and Environmental Operations, Inc. notification that you are technically in violation of the AOC and potentially subject to stipulated penalties in the amount of \$1000/day due to a failure to submit a timely revised Corrective Measures Study. Specifically, the CMS was due to the EPA on May 30, 2017, and this is the date from which stipulated penalties will be calculated unless SWH Investments, Inc. and Environmental Operations Inc. requests and receives an extension request from the EPA for submittal of a revised CMS.

The EPA requests that you respond to this notification within 14 days by submitting either the revised CMS Report or an extension request for the EPA approval. If an extension is requested, a reason for the extension must also be provided. If you have any questions concerning this matter, please call me at (913) 551-7755.

Sincerely,
